

Journal Articles of Brenda S. Henderson
NASA Glenn Research Center

1. B. Henderson, "Fifty years of fluidic injection for jet noise reduction," *International Journal of Aeroacoustics* 9 (1 & 2), 91-123 (2010).
2. Henderson, B., Bridges, J. & Wernet, M. An experimental study of the oscillatory flow structure of tone-producing supersonic impinging jets. *JOURNAL OF FLUID MECHANICS* **542**, 115-137 (2005).
3. Doty, M. J., Henderson, B. S. & Kinzie, K. W. Turbulence measurements of separate-flow nozzles with pylon interaction using particle image velocimetry. *AIAA JOURNAL* **45**, 1281-1289 (2007).
4. Navaz, H. K., Henderson, B. S., Fararnarzi, R., Pourmovahed, A. & Taugwalder, F. Jet entrainment rate in air curtain of open refrigerated display cases. *INTERNATIONAL JOURNAL OF REFRIGERATION-REVUE INTERNATIONALE DU FROID* **28**, 267-275 (2005).
5. B. Henderson, "The connection between sound production and jet structure of the supersonic jet," *J. Acoust. Soc. Am.* 111 (2), 735 - 747 (2002).
6. B. Henderson, A. Powell (1997). "The use of an array to explain the sound characteristics of secondary small plate tones produced by the impingement of an axisymmetric choked jet, *J. Acoust. Soc. of Am.* 102, 1454-1462.
7. B. Henderson, A. Powell, "Sound-producing mechanisms of the axisymmetric choked jet impinging on small plates: The production of primary tones," *J. Acoust. Soc. Am.* 99, 153-162 (1996).
8. B. Henderson, A. Powell, "Experiments concerning tones produced by an axisymmetric choked jet impinging on a flat plate," *J. Sound and Vib.* 168(2), 307-326 (1993).
